### Company Overview

Revo Media was founded April 27, 2015 to bring premium engineering services to small and medium-sized businesses (SMBs) and work with the federal government. Headquartered in Boca Raton, FL and servicing the Palm Beach County, Florida, and National areas. We have 15+ years of software engineering experience, with access to hundreds of engineers through our partner network.

### Core Competencies

- Rapid software development services
- Pay as you build models
- Staff augmentation models
- Architecture, Patents
- Strategic business models

### Differentiators

Rapid development through the use of our key development partners network. Having different partners globally allows us to manage the development process as needed to ensure the project is rolled out on time.

Continuous improvement of the project

throughout the lifecycle based on your budget. We can slow down or speed up the project as needed.

Monitor the development process throughout, and approve the builds as they roll out.

Cost-aware development.

### Regional Areas

With offices in South Florida, we offer our services nationally in the United States of America, with consideration of customers outside the U.S.A.
